Notwithstanding any such inspection or testing, the Seller will remain fully responsible for the Goods and any such inspection or testing will not diminish or otherwise affect the Seller's obligations under the Contract.
- 3.7 The Customer may at any time make changes in writing relating to the Order including changes to any Specifications, methods of shipment, quantities, packing or time or place of delivery. If such changes result in an increase in cost of, or time required for, performance of the Contract an equitable adjustment will be made to the price, delivery schedule or both. Any such claim or adjustment must be approved by the Customer in writing before the Seller proceeds with such changes.
- 3.8 In respect of the Goods and Services, the Seller will maintain and observe quality control and supplier quality assurance standards in accordance with the requirements of the Customer and statutory and regulatory bodies.
