

Make your customer a V-IP with our new Foundation licence

Built for SMBs with a range of telephony requirements, V-IP Foundation is a basic hosted voice licence with the ability to add simple telephony features making this the ideal choice for verticals such as Hospitality and Education.

Run over the same platform as our award-winning HV.Select, V-IP Foundation is an entry level solution that allows customers to have a hybrid estate of Mobile and Foundation licences, enabling different features for different users.
