

Take control and maximise the revenue potential of your communication services with aBILLity Lite, a streamlined version of Union Street's award-winning billing platform. aBILLity Lite provides all the essential features you need to buy and sell communications services whilst ensuring profitability.

Low cost of ownership

Available with a low entry price, aBILLity Lite is accessible from any device with a web browser and hosted in our secure, Microsoft Azure data centre. Our expert team will manage every step of your billing process, leaving you free to grow your business.

Scalability assured

Many billing systems will do the job on day one but, as your business grows, the limitations of lesser platforms becomes increasingly apparent. aBILLity Lite can easily be upgraded to the full, market leading aBILLity system so your business can grow at its own pace and without limit.

- ✓ Access additional processing power as required
- ✓ Easily upgrade to the full aBILLity platform
- ✓ Scale your billing effortlessly and without dislocation

Start the right way

When you first start billing, it's easy to get into bad habits that can have a big impact on your bottom line. Our expert team operate in strict accordance with Ofcom's TMBS scheme, so you can be sure your billing is optimised for profitability and built on best practice.

- ✓ Compliant with Ofcom's Total Metering and Billing Systems (TMBS) scheme
- ✓ Our team configure your free minute plans
- ✓ Manage all non-commercial rejects

Oversight and control

aBILLity Lite can generate a range of reports to provide you with clear visibility of the billing process prior to the dispatch of your invoices. These include reports to highlight variances and discrepancies that might require your attention, and to identify your most profitable services and customers.

- ✓ View detailed reports prior to invoicing
- ✓ Comparison with previous month's billing
- ✓ Identify areas of misbilling and potential errors

Billing made simple

With aBILLity Lite, your billing process couldn't be simpler. Our team will import CDRs and SDRs from your suppliers, ensure all charges are onward billed to your customers, then notify you once the bills are ready for approval. You can also log into aBILLity Lite at any time and see the progress of your bill run at a glance.
